

Use the Internet to find eNature.com. This Web page gives you access to field guides for all kinds of plants and animals.

On the eNature home page, choose a field guide. Which field guide did you start with (i.e., birds, amphibians, trees)?

What did you select on the next menu?

Name the specific plant or animal you found.

What did you find out that is most interesting to you? _____

Draw a picture of the plant or animal you chose. Make it look as realistic as possible.
