What is JCPSeSchool?

JCPSeSchool provides opportunities for students (public school students and students attending private, parochial, and home schools) to meet their education needs through online work. Students may enroll in individual courses to eliminate deficiencies on high school transcripts, to earn additional credits toward graduation, and/or to gain enrichment.

Registration Information

1. Students must have their own Internet Service Provider (ISP).
2. Students must obtain an Enrollment Application from their school counselor for each course.
3. All information requested on the application must be completed.
4. Students' counselors must sign the application to verify approval of courses to be taken.
5. The fee for each 1/2-credit course is \$125, and each full-credit course is \$175. **August 1 to April 30**, students who live in Jefferson County and attend private, parochial, or home schools may enroll in courses at no cost (except for required materials). We accept cash, checks, MasterCard, and Visa.
6. For more information, call the JCPSeSchool Office at **(502) 485-7800**. (Outside of the Louisville area, call toll-free: **1-866-485-7122**.)
7. Students must enroll at the JCPSeSchool Office **in person** in order for instructions and course requirements to be explained. This process takes about 30 minutes.
8. Students should bring their completed Enrollment Application to:

JCPSeSchool

Room 251

Dawson Orman Education Center

900 South Floyd Street

Louisville, Kentucky 40203

Refunds

Should a student discontinue a course and request a refund **within one month** from the date of enrollment, a refund of the tuition is made. No refunds are made after the one-month period.

Transfers

1. With the approval of the principal or counselor, students may transfer to another course within one month of enrollment.
2. When a transfer is granted, the new course must be completed by the original completion date.

Final Examination

1. When all of the assigned coursework has been completed successfully (70 percent or higher average) and the student's instructor has graded the work, the student should submit the Course Evaluation Form followed by the procedures outlined in the Last Steps folder.
2. A passing score (at least 70 percent) on a supervised final examination, monitored by an approved proctor, will be required upon completion of all work assigned. **A photo ID** will be taken at the office.
3. Should the final examination score be less than 70 percent, one retake will be allowed after intervention.

Grades and Time Limits

1. If the course requires a state-mandated end-of-course exam, the grade for the course will be delayed per notification of the score on the end-of-course exam.
2. The **maximum** completion time for each course is one year. **If the student's counselor requires an earlier completion date, that information must be indicated on the enrollment application.**
3. The **minimum** completion time for each course is two weeks.
4. Upon completion of a course, the JCPSeSchool Office will send an electronic copy of the grade report to the school official indicated on the Enrollment Application.

Logging On to JCPSeSchool

- Launch your Internet browser, and enter <http://jcpschool.org>.
- Internet Explorer 7.0 or higher is required.
- Once on the JCPSeSchool homepage, enter your username and password. These will be issued to you at registration.
- Once you have entered this data, select the **Log On** button.
- If your log-on is successful, you will view a **Home** page that recognizes you by your username. Important Note: Your **password** should be changed the first time you log on. You should go to the **Preferences** button in the left margin and click **Change Password**. From there, follow the easy online instructions.

Although there are many features to JCPSeSchool that you are welcome to explore, your main focus will be the course(s) for which you registered.

- From the **Courses** menu, click on the name of your course. Note: Each course requires completion of the **Unit 0** to unlock the remaining lessons.

Information about the course is located under the tabs along the upper edge of the screen.

Syllabus Announcements Lessons In Touch Report

- The **Syllabus** tab offers overviews of Grades, Course Announcements, Live Office Hours, and other tools assigned by the teacher.
- The **Announcements** tab contains a calendar for personal use.
- The **Lessons** tab contains instructions on how to use this course as well as the course content.
- The **In Touch** tab is where you will receive e-mail from your instructor and where you can send e-mail to your instructor.
- The **Report** tab provides details of grades and student activity.

Some courses may include other tabs. Explore each tab to gain a better understanding of the course.
