

Fifth Grade Says Goodbye

By Makayla Dunn

It is almost time for fifth grade to go to middle school and this is how Breckinridge Franklin says goodbye to our fantastic school. We interviewed a few fifth graders telling how they feel about going to 6th grade.

The person we interviewed was Brandon K. Brandon said he is nervous about going to middle school. He said he is going to Noe Middle School or Myzeek Middle School.

The second person we interviewed was Davaughn S. Davaughn said she is going to Myzeek Middle School. She said she feel very good about going to middle school.

The third person we interviewed was Teiandra C. Teiandra said she feels great about going to middle school because she's tired of going to elementary schools.

We asked them all if they had any thing to say for students in elementary school.

1. Dont act bad or you will regret it.
2. Do your best on the test so you can go to graduation
3. Good luck
